

QUARTIER MILITAIRE & MOKA – KINDERGARTEN (24/07/09)

Secondly, concerning the kindergartens in the Constituency, I will refer to only one of them situated at St Julien d'Hotman. It is in a state of abandonment with grass covering all the equipment which is in ruin and decaying. The kids for whom the kindergarten was built cannot now use it any longer. I won't elaborate on fencing which is in ruin in several places.

Mr Speaker, Sir, all this is because of the attitude of *laisser-faire* and *laisser-aller* of certain officers of the District Council who are fatly paid in terms of salary from the public funds. Therefore, I should like to appeal to the hon. Minister to have an urgent look at it and bring the necessary redress.
